WEBB'S ALCOHOL AND COLOGNE SPIRIT
J. A. WEBB & SON, | 165 PEARL STREET, NEW YORK. | Established 1835.
Used by Druggists and Manufacturers throughout the world. Send for Quotations.

THE HOLE IN THE FLOOR.

In the primitive days of our grandfathers' time,
When the fire-place, genial and bright,
Its cavernous recesses glowing with flame,
Filled the old-fashioned kitchen with light;
They used often to gather at close of the day,
Round the hearth-stone, that altar of yore;
But men of this modern and glorified age,
Collect round—a hole in the floor.

The grandfather sat in the chimney nook,
In an old-fashioned splint-bottomed chair,
And solemnly read from the blessed old Book,
Then knelt with the household in prayer;
Their altar, the time-honored hearth-stone, with gleams
Of the fire-light flickering o'er,
We moderns all worship 'neath fresco and gas,
Our altar—a hole in the floor.

When from the old hearth-stone the children went forth
To join in the soul-thrilling strife,
And win themselves laurels or valiantly brave
The buffeting surges of life;
Then with world-wearied hearts yearning sadly for rest, [more;
They would seek the old hearth-stone once
But we, when aweary with toil and oppressed,
Return to—the hole in the floor.

When the tumult of war o'ershadowed our land,
And our forefathers rushed to the fray,
To repel the invaders that threatened our homes,
Leaving mothers and daughters to pray—
The thoughts of their hearth-stones gave strength to their arms
And thrilled their brave hearts to the core,
But our heroes when called on their homes to defend,
Must fight for—a hole in the floor.

Then let us rejoice that we live in an age
When instead of the hearth-stone's bright glow,
Or the cavernous fire-place cheery with flames,
We have "modern improvements," you know.
And when we converse of those primitive times,
And the jolly old customs of yore, [ways,
We will laugh as we think of their old-fashioned
As we sit round—the hole in the floor.

WEBB'S ALCOHOL AND COLOGNE SPIRIT
J. A. WEBB & SON, 165 PEARL STREET, NEW YORK. Established 1835.
Used by Druggists and Manufacturers throughout the world. Send for Quotations.

Being centrally located, below City Hall, and within three blocks of the Great Bridge, all the principal lines of cars pass the door.

Our Rooms are large, with high ceilings, well ventilated, nicely furnished with a separate desk and comfortable chair for each student, and in no place is the comfort of the pupil more studied, and his moral training better attended to.

A WORD TO PARENTS.

Those who intend to give their children a good education, to prepare them for either a Business or Professional life, should embrace, *at once*, the opportunity now offered. The benefits to be derived from this Institution are many and great. The students being *at home*, will thus be under the immediate care of parents as well as of teachers. Large expense is saved, which always accompanies educational training at boarding-schools. Those intending to take a complete course should enter as soon as possible, so that a correct method and habit may be acquired from the commencement.

TO THE PUBLIC.

Let our intelligent citizens lend us their aid by patronage and encouragement in the future, as they have done in the past, and we will guarantee as thorough an education as can be obtained in any other academy. We cordially invite parents and guardians to call, and visit the institution, and see our methods of teaching, that they may be able to judge for themselves.

ANNOUNCEMENT.

The Principal and Proprietor of this Institution, W. A. KISSICK, A. M., has been well known for the past 21 years, in the cities of New York and Brooklyn, as a *successful teacher* in preparing pupils thoroughly for business, and will be happy to refer strangers, by permission, to business men and gentlemen of the highest literary and social standing; also to former and present pupils, many of whom he has been instrumental in placing in positions of honor and emolument.

We have been 13 years in the present building.

LADIES' DEPARMENTS.

Separate apartments fitted for Ladies and Misses, where they receive the same through instruction as gentlemen, in English and Commercial branches. Ladies or gentlemen prepared for examination as Teachers in any of the branches, at hours to suit.

THE DESIGN OF THIS INSTITUTION

Is to impart to all our students a thorough and complete business education, in the shortest time, at the least possible expense.

BRANCHES TAUGHT.

Book-keeping, Penmanship, Correspondence, Commercial Law, Business and Common School Arithmetic, Spelling, Grammar, Phonography, Type-writing, Telegraphy, German, French, and Spanish, or any other branch required to prepare for business.

DIPLOMAS.

All Students *faithfully* completing their course shall be furnished with Diplomas, which are often, in themselves, of more value to the Student than the sum paid as tuition fee.

NO CLASS SYSTEM.

There being no *class system* Gentlemen and Ladies, whose early education has been neglected, will find with us superior advantages for reviewing and pursuing their studies *in private*. For backward boys and girls this is a rare opportunity, as no pains will be spared to bring them forward as soon as possible.

EMPLOYMENT.

Of the large number of Students who have taken a complete Commercial Course at this Institution, not one of them has failed to procure a situation through us or by themselves.

The demand for our graduates exceeds the supply.

PHONOGRAPHY.

Young men and women taught practically Short-hand Writing, fitting them for Verbatim Reporting—one of the most lucrative professions of the age. Three practical Stenographers constantly employed by us Day and Evening.

We guarantee to make thorough competent Reporters.

TYPE WRITING.

There is a special demand for stenographers who can transcribe their short-hand notes on the type-writer. We have been teaching this branch for three years. The demand for good operators is constantly increasing. It can be learned in one quarter, for which we charge $10.

BY THE PRINCIPAL, W. A. KISSICK.

His success in the past enables him to guarantee all persons great improvement. In removing Stiffness, Crampness and Trembling of the Hand and making Good, Plain, Rapid, Graceful and Off Hand Business writers, he stands pre-eminent.

TERMS—25 lessons, $4; three months, $10; one year or until learned, $15 to $20.

THE COMMERCIAL COURSE,

In this Institution includes any branch required to prepare the pupils thoroughly for Business, such as Spelling, plain rapid Business Writing, Arithmetic, Correspondence, Book-keeping, Commercial Law, etc.

EVENING SESSION.

For the benefit of all those who may be unable to attend during the day, we hold an evening session from 7 till 9 P. M. None too backward or too old to learn, as each student will be instructed separately or privately.

THE BOOK-KEEPING

Is thoroughly taught by an expert practical Book-keeper. The terms Dr. and Cr. are fully explained; the nature of *entries* defined, and *journalizing* elucidated; Ledger Titles; *closing* and *opening* books, and *balance sheets* fully taught. As the student proceeds, every operation shall be thoroughly analyzed, until he is made familiar with all the principles of the science, and enabled to grasp the subject as a connected whole.

COMMERCIAL LAW,

Relating to Contracts, Agency, Collections, Negotiable Paper, etc., is a part of the regular Commercial Course.

TERMS—Three months, $15 to $20; One year, $35 to $45.

COMMERCIAL ARITHMETIC

Embraces a complete knowledge of all the essential parts of Arithmetic, such as Common and Decimal Fractions, Percentage, Interest, Exchange, Equation of Payments, Averaging Accounts, Partnership, Settlement, etc.

Three months, $10 to $15.

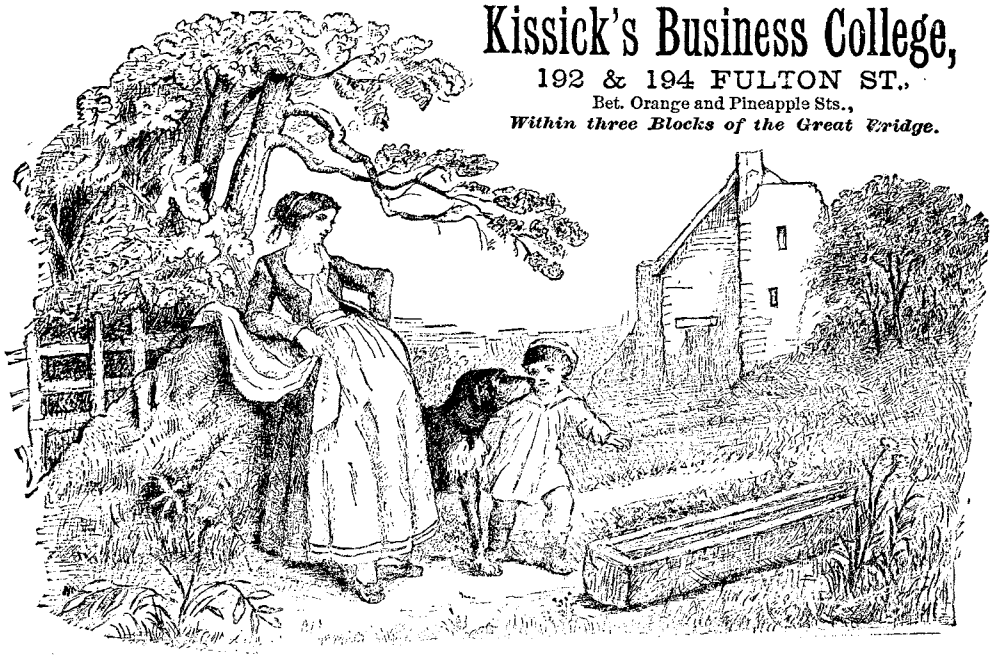
LETTER-WRITING.

This accomplishment has been so much neglected in our Seminaries, that it is rare to find a pupil who is capable of composing even a tolerable letter.

By our system the student is taught, by the rules of grammar and composition, with constant daily practice, how to express his thoughts clearly and concisely. To the diligent scholar we assure the ability to compose a letter that may be the means of opening his way to prosperity and which will reflect credit on himself and his teachers.

THE ENGLISH COURSE,

Consisting of Reading, Writing, Spelling, Grammar, Composition, Arithmetic, and Letter-writing. Merchants and business men will agree with us, when we say that besides Penmanship, Arithmetic, Business Forms, and Book-keeping—important as these unquestionably are—there are other things, without a knowledge of which, a good business education cannot be considered as complete. Among these, we would particularly mention correct Spelling, Punctuation, and a sufficient acquaintance with the rules of Grammar and Composition, as will enable the student to compose either a good letter, business card, or advertisement. For the acquisition of these accomplishments, the ambitious student will find, in our Institution, the most ample facilities.



The full English Course, three months, $15 to $20; one year, $45 to $55.

Twenty-five writing lessons $1; or three months, $10.

Instead of giving a cut of the outside of the building occupied by Kissick's Business College, we give a frontispiece, executed with pen and ink, by one of our students.

DEPORTMENT.

The discipline of the Institute is mild but effective. We rule by love and not by fear. The Principal and his Assistants appeal to the Students' sense of gentlemanly propriety and, behavior; yet prompt and cheerful obedience will be insisted upon, and no insubordinate person will be retained in the College.

Principal's Residence,
63 HERKIMER STREET.

BROOKLYN, N. Y.

The Sixteenth year of this Institution Commences on Monday, September 7, 1885.

There are no vacancies in the school for those who find it hard to tell the truth; for boys who use tobacco; nor for those who have any habit of speech or behavior at variance with purity of character.

There is but one regular session, beginning at 9 o'clock and closing at 1 o'clock. Besides this there is provided an afternoon Delinquent and Study Session. One purpose of this session is to afford pupils whatever assistance they may require to prepare their next day's lessons.

The general aim of the curriculum* in the Primary, Intermediate, and Academic Departments is to give the scholar a *practical education*, much stress being laid upon the ability to write a good letter, properly arranged, correctly expressed and spelled, legibly written, clear and to the point.

The Primary Grades have oral instruction in French or German without extra charge.

The Collegiate Department covers three years.

The first year's honor† is a silver medal; the second, a gold medal; the third, a silver chaplet; the sixth, a gold chaplet; the ninth, a diamond chaplet. This last is bestowed only upon graduation.

For CALISTHENICS a large room is set apart, where daily instruction is given in this beautiful exercise to the younger pupils and any others desiring it.

The rates of Tuition for the regular English studies range from $5.00 to $25.00, payable in advance.

Pupils are received at any time, and charged from the date of entrance except that no deduction is made for the first two weeks of the academic year.

JOHN LOCKWOOD, Principal.

* For a detailed exhibit of the curriculum, send for a circular.
† Rank is determined by percentages obtained at the monthly and yearly examinations, *not by competition.*

With blocks the children make chairs, sofas, tables, stars, crosses, houses, bridges, letters, numbers, etc.; with triangles, a variety of geometrical and architectural forms; with sticks, letters and other figures which can be drawn with straight lines. They perforate paper in the forms of animals, insects, fruits, flowers, etc.; they learn to work in colored worsted; and with various other materials make a variety of pretty forms and objects. A few of these objects are shown below.

FOR HOUSEHOLD USE.

While we feel flattered with the efforts of some competitors to imitate our Goods, we must caution the Trade against those Commercial Pirates who issue fac-similes of our Labels, Cards, etc. By comparing the contents of the Cans, you will observe their Goods are principally Benzine Mixtures of nauseating odors, and not Paint.

FOURTEEN COLORS OR TINTS, AND WHITE AND BLACK.

Packed in 1, 2, 3 and 5 lb. Cans.
